November/December 2016

Dear Praying Friends,

Another year has slipped by us, and it's hard to believe we have been on the mission field for 4 months. As I look back on what the Lord has accomplished through us, I'm amazed. I pray that this year the Lord will find it easier to use me.

We are so thankful to each of you for your prayers and support. It's always a blessing to hear about the answered prayers that you've prayed. I'd like to share one with you. We had asked for prayer in our last letter concerning having a stove and a kitchen table by Thanksgiving. The Lord answered and provided both of those needs and on time. We were able to have 2 young men from the church celebrate Thanksgiving with us. It was a true blessing. We ask that you continue praying for our other furnishings that are still needed.

We would also like to ask that you pray for us as we drive to Texas to renew our visas in February. We will be bringing back the rest of our things, and we hope bringing it across will go smoothly. We are hoping to get started on our residency paperwork soon, so we won't be required to leave every six months, but we must first legalize our vehicle. It will cost \$3,000 just to legalize the car. It will save us money not having to travel as often, so we hope can do it soon.

We have been picking up quite a few new riders for church. Sunday mornings seem to be packed. We are thankful for that. Raylinda has started teaching a children's class in English on Wednesday nights. She's really enjoying teaching again. The hospital ministry is going well. There's always many people just sitting around, waiting to hear the Gospel. Glad we can be a part of it.

Serving Him,
Ernie Flores
