September/October 2016

Dear Praying Friends,

We are thankful for your prayers for us and our ministry. Things are going well as the church has moved into a bigger building. Many visitors have been coming, and on the 3rd year anniversary of the church, a lady and two children were saved. It was a great day! There were close to 100 people in attendance. We had 29 children in children's church that day. It was pretty amazing to see the Lord bring them in. The week before the anniversary, me and another man from the church visited door to door, passing out invitations. We spent about 40 hours that week, knocking on doors. The turnout was fruit from our efforts. My vehicle is used as our church bus, and that day we made 4 trips picking up people for church. It has been amazing watching the Lord work in Xalapa.

We have begun our Spanish classes. My wife and son are eager to speak Spanish. It is hard not being able to communicate with the people around you. My Spanish is polishing up well. We are learning to read and write in Spanish too.

We have moved into our home, and are slowly furnishing it with furniture. We ask that you pray with us about being able to buy a stove and a kitchen table before Thanksgiving. It would be wonderful to be able to have a Thanksgiving meal. There are a few other things that still need to be purchased, but we are doing that little by little. It was a huge blessing to receive a love offering from Community Baptist Church in Idaho City, to help us with some of our furnishings.

As of today, our city has a major road block. There is no way in or out of Xalapa. The government has failed to pay workers, so they have blocked the roads. Usually they block a certain area, but there are alternative routes. This time they have blocked all entrances and exits. We will have to walk anywhere we need to go until it has ended. We are praying it ends soon.

Please continue praying for us and the ministry here in Xalapa. We are grateful for each prayer on our behalf.

Serving Him,
Ernie Flores
