September/October 2017

Dear Praying Friends,

Hello from Xalapa. We are finally feeling the fall weather and are so excited for it. We are looking forward to the holidays arriving soon, but at the same time, it will be difficult once again to be away from our family.

There was an 80-year-old man saved recently as we visited for our church. We are hoping to see him in our services soon. We had our first visitors On September 24th. Juana and Paula had received tracts in their mailbox. We were more than excited to have them in our services. One week later, Moises and his wife came to church. They returned the following week. We were blessed to have each of them with us.

We received a love offering from one of our supporting churches in Idaho, to purchase supplies for our church. We were able to order some hymnals and a few other things. The hymnals are being brought down to us next week. We are hoping to purchase a weighted keyboard in the next few months.

Since arriving on the field, we have lost some of our support and are hoping to schedule some meetings when we return to the states for a few weeks next year.

Tomorrow is the day of the dead here in Mexico. Such a sad and evil holiday. We pray that people will be saved and reject such wickedness. Please continue praying for Mexico. Thank you for your faithful prayers and support for our ministry.

**Serving Him,
Ernie Flores Family**

A special thank you to all that give to our ministry. We pray the Lord continues to bless you for your sacrifice.

We are thankful to you who pray faithfully for our ministry. We can feel when others are praying.
