November/December 2017

Dear Praying Friends,

Thank you for your prayers and support for our ministry. The Lord is continually doing great things. We are thankful for your part in this ministry.

On Thanksgiving Day, we were sitting down to eat, and Alejandro Louis came to the door looking for work. He is the young man that was recently saved at our kitchen table. We invited him to come in and eat with us, and he said his dad was with him. We had never met his dad, so we were excited to have him eat with us too. As my wife was cleaning up the kitchen, I began talking to the dad about the Lord. He was very kind, and didn't seem to mind the conversation, but he did not get saved. I'm praying for him to realize his need for salvation very soon.

We were recently contacted by a lady in Minnesota. She has a ministry in her church where she teaches English. A man named Samuel had been attending her classes, and had moved back to his home in Xalapa. He was wanting to find a church and someone to speak English with. She googled for Independent Baptist Missionaries in Xalapa, and our website appeared at the top. We contacted Samuel and he has been attending our services for several weeks. He has asked to begin a Bible study, and we are looking forward to it. He has said how God sent us to him at the right time, because he is going through a difficult time. I know the Lord knew how much we needed Samuel too. We are excited to see how the Lord uses this for His glory.

We recently purchased a keyboard for the church with the help of a church in Oregon, and a pastor and his family in Texas. This is such a blessing. We praise the Lord for them and their giving. We know the Lord will bless them for it.

Our car was recently repaired after the engine began having problems. It was very expensive. The Lord supplied for this need in very unexpected ways.

We look forward to serving with you in 2018.

Serving Him,  
Ernie Flores Family

A special thank you to all that give to our ministry. We pray the Lord continues to bless you for your sacrifice.

We are thankful to you who pray faithfully for our ministry. We can feel when others are praying.
